THE PRIZES

Almost all of the prizes awarded will be in the form of books. Each book contains a bookplate giving the basis for the award and is signed by the Chairman of The Gordon Foundation.

Prizes awarded this morning fall into one of three broad categories: Form prizes, subject and specialism prizes, and character development or leadership awards. The Form prizes are awarded for effort and attitude.

Subject prizes are awarded for academic excellence in a particular subject area. The development and leadership awards take into account the development of strengths and character of a student or recognise a level of leadership shown during the course of the year.

The Gordon Medal

The Gordon Medal is now awarded to the School Sergeant Major and Colour Sergeant every year. In addition, the Medal is awarded to the Pipe Major and Drum Major in recognition of services to the Pipes and Drums, and to each House Captain in recognition of services to marching and parades.

The Higginson Medal

The Higginson Medal is awarded to the Head Boy and Head Girl each year.

The Headmaster's Award

Not necessarily awarded every year, the Headmaster's Award is for students, not recognised in the standard awards, who staff feel should be recognised by the School.

This could be for a student who has engaged in a significant random act of kindness, or one who has made progress in spite of coping with difficulties/setbacks or stood out positively in some particular area.

THE GORDON FOUNDATION

The Gordon Foundation is the charitable arm of Gordon's School and continues General Gordon's legacy of providing for 'necessitous' children.

The Foundation contributes to the education of boys and girls with specific boarding or educational needs through providing bursaries.

If you are able to support a child whose family is facing hardship, and give them an opportunity to attend Gordon's School then please scan the code to take you to our giving page. Any amount is always gratefully received and makes a real difference to the lives and outcomes of children who wouldn't otherwise have the opportunity to attend a school such as ours.
