PASSIONATE ABOUT SPORT, SERIOUS ABOUT EDUCATION:

- Sport should never be taken for granted, and it is important that students role model the correct behaviour and character traits both on and off the pitch or court. Students shouldn't expect to play, but understand that it is earned through their behaviour and effort within the classroom, House and around the School. Sport is a commitment and something that staff and students buy into, it isn't a moment of their school career but a journey that lasts the whole two years of Sixth Form at Gordon's School. Maintaining this commitment is one of the successes of the sport programme and also the individual progress of the students.
